

## PRINTERS FOR CSS DOS

March 2010

Manufacturers continually add new products and discontinue other products. This is a sampling of the lower cost printers. These printers were available as of March 1, 2010.

Prices are approximate and are for information only. This is not an offer or a quote. The note "does not support Win 98" does not imply that printers without this notation do support Win 98.

The printer must support PCL 4 (Printer Control Language 4) or greater. ASK YOUR SALESPERSON.
